

# Best Quality Professional Web Hosting

**Most Affordable Web Hosting**  
**at our**  
**India based Data Centers AVAILABLE**

## Windows Shared Hosting

Windows 2000-based Web hosting plans give you the ability to exploit the power of Active Server Pages for dynamic content, in addition to SQL Server Pages for specialized database tasks. It is perfect for specialists who need the advanced tools not available on other platforms. Features include support for ASP, ODBC and custom DLLs. Our advanced infrastructure provides superior performance and maximum uptime.

| (Web + Mail)<br>Disk Space in MB | Price in Rs. | Transfer Limit MB /<br>Month | Max POP<br>A/c |
|----------------------------------|--------------|------------------------------|----------------|
| ( 50+200) 250MB                  | Rs. 1500     | 1000                         | 10             |
| (100+400) 500MB                  | Rs. 2500     | 2500                         | 20             |
| ( 250+400) 650MB                 | Rs. 4500     | 5000                         | 30             |
| ( 500) 500MB                     | Rs.10000     | 5GB                          | None           |
| ( 500+600) 1100MB                | Rs.12000     | Unlimited                    | 30             |
| ( 750+600) 1350MB                | Rs.15000     | Unlimited                    | 30             |
| (1000+600)1600MB                 | Rs.20000     | Unlimited                    | 30             |
